Avery Healthcare

Avery Partners Healthcare is a division within Avery Partners providing superior medical staffing to clinics, hospitals, private physicians, government agencies and other organizations nationwide. Our ability to recruit talented medical personnel and our dedication to customer satisfaction produces world-class service and dependability.

Established in 2004 to address the nursing shortage, Avery Partners Healthcare has grown to service many sectors of the healthcare industry. Avery Partners Healthcare offers clients integrated staffing solutions covering every unit of a medical facility. We offer flexible assignment options including per diem shifts to extended year contracts.

One of our strongest competencies is the ability to recruit across a broad range of healthcare positions. Our professionals are primarily external employees consisting of nurses, therapists, allied health professionals, health information management, medical coders and other health-related specialists. Clients benefit from the convenience of having single point of contact to fulfill all of their staffing needs.

Contact Us and Enjoy the Avery Partners advantage.

“We have had great success with the Avery consultants that have been recommended to our group. Avery goes above and beyond to get us the right consultants. Not many people can do that!”

-Dwight Howard, Xerox-
